Sustainability is at the very core of what we do here at Hayes Common, from our choice of products and suppliers; the menus we develop; and ultimately through reducing the waste we create. Good business and best practice go hand in hand for us, and we think that is great news for you and our whole community.

PACKAGING

We currently recycle Tetra Pak cartons, all glass, plastics, tin & aluminium, paper & cardboard.

We use reusable packaging where we can (ie. Our milk is delivered in buckets from Kaipaki Milk) and have reduced our bottled and canned drink offerings, adding more options on tap including wine, beer, bubbles and cocktails!

We are single use plastic (SUC) free! Instead we encourage you to bring your own (BYO), or sign up for our reusable packaging library via AgainAgain. So far, **we've diverted over 40,000 cups from landfill** since we started with this system!

FOOD

We're reducing prep waste whilst amping up flavour with house made pickles, preserves, stocks and sauces. We rescue unwanted fruit for our garnishes on the bar — got spare citrus or feijoas? Bring them in!

We collect 80-100 kg of food waste per week! This all goes into our onsite hot composting system. That means we're diverting around 4 tonnes of food waste from landfill every year. We are also part of the Kai Keepers programme aimed to measure and reduce food waste nationally.

PEOPLE

We believe that sustainability isn't just about reducing packaging, food waste or recycling. It's all of these things, but mostly it's creating resilient communities. We strive to create a place our team loves to work, feel valued, and have work/life balance.

We use local suppliers as much as possible to support local business and all of what the region has on offer including; bread from Rudi's Bakehouse; Milk from Kaipaki Milk; Bacon from Magills in Te Awamutu; Specialty breads from Volare; Coconut yoghurt from Raglan; Beer from Matangi and Raglan! And much more...

We are in the business of creating change and better practices, and supporting us means that you are too!

**OUR
GOAL
IS ZERO
WASTE!**
